Notice of Online Class Implementation

Dear Parents, We wish all of you to stay healthy in this difficult situation.

We would like to let you know that we are changing our class to online class according to the recent announcement of MOH on 24th March 2020, which is like below.

SINGAPORE MINISTRY OF HEALTH(24th Mar 2020)

Tighter Measures to Minimise Further Spread of COVID-19

These measures will take effect from 26 March 2020, 2359 hours. We expect these measures to be in place until 30 April 2020, but this may be extended if the situation does not improve

Tuition and Enrichment Centres

10. All centre-based tuition and enrichment classes will be suspended. This is to reduce the intermingling of students from different schools and enhance the safety of our students.

Please understand that we made the decision to avoid class deficit until 30th April, as well as to secure the continuous interaction between the students and teachers.

The online class will last from **28th March 2020** to **25th April 2020, 5times**. It is subject to change as the situation gets better/worse.

There was a training for teachers for the online class program on 26th March 2020, and all teachers are doing their best to guarantee the quality of the class. Even so, if there is any deficit of class progress, we will consider having a supplementary class.

We are using <<https://zoom.us>> for the online class, and will spread the manual for using this program to all parents as soon as possible. Please set it up before Saturday.

'zoom' is a program which allows teacher to run a real-time video lesson.

Please understand that this is an inevitable decision for student health and learning rights. We appreciate your cooperation in advance.
