### COVID-19 Additional Precautionary Measures Notice for Safe School Environment

Dear Parents, we hope all of you are staying healthy and happy in this difficult situation.

On 20 October 2021, Singapore Government(MOH, MOE) announced precautionary measures additionally about extension of stabilization phase till 21 November and only negative result students are allowed to come to the school via regular ART testing of students in order to make safe school environment

Especially, SKIS Saturday is the place for many students from various schools as well as recently the number of infected people in the COVID-19 region has soared, which requires strict management.

Therefore, please follow with below additional measures for school safe management plan in response to COVID-19.

#### ◀ Additional Measure ▶

- ◆ **(Target)** All Saturday school students kindergarten, elementary, middle schools  
(※ all faculty staffs are doing ART swab on a weekly basis)
- ◆ **(Measures)** Please submit the ART test result(Picture of ART Test Kit & ID card) to the class teacher and return to the classroom after turning out negative result  
※ Positive or Invalid Result : please **do not attend the class** and visit the closed clinic.
- ◆ **(Period)** Friday, 5 November 2021~, once every two weeks (5 Nov, 19 Nov, 3 Dec, 17 Dec, 31 Dec)  
※ It will be notified separately if there is a change according to Singapore government guideline

In addition to this, we would like to inform the changed LOA measures which requires regular self-testing system for faculty & students reflecting the Singapore Government guidelines as below, please take note to the following strongly.

- ◆ **(Target)** Students or their household members living with them who have been designated Confirmed Case (CC), Stay-Home Note (SHN), and Health Risk Warning (HRW) by the Singapore government.  
※ as of the date which PCR test result is positive or ART test result is positive if PCR is not available
- ◆ **(Request)** ① When the above fact has been occurred to students or students' family members, **please inform those fact to the class teacher** or admin office immediately, ② And, **do not send students to School during Leave of Absence period**,

- ◆ Leave of Absence(LOA) period **【Effective date : 3 November 2021】**

| Note                                                                                                               | LOA Period                                                                                                                                |
|--------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Students or their household members living with them have been designated Confirmed Case (included ART positive)   | (Vaccinated) 10days, (Unvaccinated) 14days                                                                                                |
| Students or their household members living with them have been in close contact with Confirmed Case (included HRW) | 3days<br>※HRW: Do an ART swab during day 4-7 prior to return to the school<br>※Others: Do an ART swab one day before return to the school |

- ※ When the LOA period ends, please submit the ART or PCR Test result to the class teacher and return to the classroom after turning out negative result.
- ※ In the case student or household members living with them who have been designated SHN by Singapore Government separately from the above, LOA will apply for SHN period.
